

E.J. TANDA

Queen of Secrets

Mafia Matriarch Series Book 1

REVIEWS/INTERVIEWS

“Tanda suffuses her storytelling with heart...There are sharp, suspenseful moments when readers will clearly experience Violetta’s desperation...While the novel offers the suspense, intrigue, and even the romance you would hope for in the kickoff to a series titled “Mafia Matriarch,” historical fiction readers will appreciate Tanda’s serious handling of the Italian immigrant experience, as she draws on her own Italian heritage to paint an honest picture of the trials her community faced—while not shying away from the drama of what one character calls “The Black Hand, the Commission, Cosa Nostra. The mob. The Mafia.” – **BookLife Reviews**
